ATTENTION A BUILDING RESIDENTS:

The person who was responsible for patching and painting after the plumbers completed their work is no longer employed at Harbor Lights. Unfortunately, we do not know which units were completed and what still needs to be repaired. It is imperative that you call the office as soon as possible so that we can get the repairs done.

In addition, the plumbers need to go into the stacks of 101-201-301-401, 102-202-302-402, 103-203-303-403, 104-204-304-404, 105-205-305-405, 106-206-306 and 406 on Friday June 16, 2017 to complete their repairs. They will only be in the units for a short time to put a video snake down the line to inspect the lining and make sure it's all running correctly. Thank you in advance for your cooperation and making sure that we have access on that date.

PLEASE REMEMBER TO CONTACT THE OFFICE AND LET THEM KNOW IF YOU NEED REPAIRS TO YOUR WALLS WHERE THE PLUMBERS ENTERED THE PIPEWORK.

Sincerely,

Sue Kamalo, GM
